Enhance your landscape

Use scenic inserts to hide any obstructions on your property

SCENIC RAILING UNLIMITED

Scenic Railing Unlimited is a family owned and operated business, established in 2002 in Oakland County, Michigan. We strive for customer satisfaction, continuous improvement and product diversification in providing scenic railing inserts to beautify your landscape.

Our construction staff includes engineers with 30 years of experience in building decks and improving homes. The team can design your personalized scenic insert with capabilities of creating the landscape of your dreams. Our process is developed to make scenic inserts very affordable and simple to install for our customers. We provide free quotes and excellent technical help.

Our in-stock traditional inserts are precision cut from 5/4 western red cedar. Approximate dimensions are 38.5" wide by 36" tall and can be modified to 24" tall. These scenic inserts have been Boca tested (for strength) and approved. They will easily fit into any type of standard deck, dock or porch railing. In addition, we can try any material in any size from 2 foot lengths to 8 foot lengths, longer or shorter, if required, with no obligation. Because of the versatility of this product, incorporating it in a privacy fence, hot tub surround or even furniture backing, makes scenic inserts the envy of the neighborhood. In addition, we make customized sceneries to replicate our customer's imagination.

Most scenic inserts are available in stock for pick-up or delivery. We use UPS or Fed-Ex to ship our products. Most credit cards are accepted.

Treated deck and railing with our cedar insert.

PRE-FABRICATED RAILINGS

Building a deck has never been so quick, easy and inexpensive.

Do It Yourself Homeowners... save yourself a lot of time and hassle. These prefab railing sections are very affordable and simple to install. In addition, you can add a lot of beauty to your landscape with our 25 traditional scenic inserts or customized images.

Deck Builders... stop wasting time manufacturing spindles and railings. Build more decks this year with attractive and durable prefab railing sections offered at Scenic Railing Unlimited. Increase profit percentages, due to the fact that these railing sections can be purchased for just over the average price of material cost at your nearest lumber store. Put behind the repetitive, time-consuming mess of cutting and building railing. Come see how Scenic Railing Unlimited can enhance your company's business.

Our prefab railing sections are available in any reasonable length. Standard sizes are 3, 4, 5, 6, 7, and 8 foot sections with top and bottom end extending over 5 inches to fit posts. Send us a blueprint if you want precise specifications.

We use Fed-Ex and UPS for delivery and have at-store pickup available seven days a week. Please call ahead to make sure your whole order is available.
